

Young experts on the panels

Dear members and friends of the Forum Alpbach Network!

We proudly present that the project “Young experts on the panels”, where we claimed two seats for young experts on each EFA symposium, has been officially accepted by the European Forum Alpbach. This means that we can nominate 10 young experts to the European Forum 2018!

We initiated the project to increase the proportion of young people on the panels since we believe that your unique perspectives and outstanding academic background are important for a progressive dialogue at the European Forum Alpbach.

And this is where you come in! If you always wanted to be a part of one of the top-level panels in Alpbach and have a strong academic or professional background in the area of law, economics, medicine, finance or politics, and experience with public speaking you can apply now:

1. Go to: <http://forum.alpbach.network/young-experts-on-the-panels/>
2. Find the Symposium you want to apply for
3. Submit your application including a CV and a description of your academic or professional expertise in the specific topic. Please tell us about your previous speaking experience and what makes you a young expert.

Please note:

- **Application is open for anyone <35 years of age; no Alpbach affiliation necessary**
- **There are different application deadlines depending on the Symposium you apply for**

Selected speakers will be invited by the European Forum Alpbach in the coming months. We look forward to your application and are excited to welcome you on the stages of the European Forum Alpbach.
